MODERN MINING FOR K-12 EDUCATORS

New for 2022! All About Mining 2-Day Teacher Workshop JUNE 6-7, 2022

An in-person workshop providing teachers with tools and lessons of mining curricula in the earth sciences, math, technology, and engineering.

We will provide free on-campus instruction at Colorado School of Mines, course materials, meals, and group transportation for field trips.

SUPPORT THIS IMPORTANT TEACHER TRAINING!

SPONSOR A TEACHER!

\$1,000

Your name and logo will be prominently displayed during the workshop & on all marketing announcements

Please encourage any K-12 teachers to visit our website to learn more
